Making Digital Radio **Work.**

Nautel User Forum

- We created a user forum last year
 - Added “for sale” topic
 - Has the Nautel garage sale items
- Response has been lackluster
 - Is this worth continuing?

Software Updater

Nautel Software Updater & Manager

- A set of PC based applications based upon Flexnet
- Lets you check for software updates either manually or automatically
- Will also check for updated documentation
 - Including an update to the VS series manual

Nautel Software Updater & Manager

- Advises you of the criticality of the update
- NV, VS and ND transmitters are supported
- Does not require access to the transmitter AUI
- Runs on XP, Vista or Windows 7

Making Digital Radio **Work.**

Nautel Software Updater & Manager

- The Manager & Updater don't need access to the transmitters AUI
- No special network or firewall settings to operate
- You chose to download updates
- You manually install updates

Nautel Software Updater & Manager

- Software Manager lets you manually check for software updates and if you chose you can download them to your PC

Making Digital Radio **Work.**

Nautel Software Updater & Manager

- Again not much response
 - Is this worth continuing?

Nautel Software Updater & Manager

- Survey Time!
 - Forum worth continuing?
 - Software Updater worth continuing?

Nautel Software Updater & Manager

- Survey Time part II!
 - How many of you use:
 - Facebook
 - Twitter
 - LinkedIn
 - Pinerest

Nautel Software Updater & Manager

- Contact me for support
- I can also determine what exciter your NV shipped with
- Mike.pappas@nautel.com
- 303-807-5619

Thank You
