Nautel@NAB Sneak Peek

If you are heading to NAB we look forward to seeing you in **Booth N8324** and at Sunday's popular industry event, the **Annual Nautel Users Group (NUG) Meeting** with special guest Paul McLane of Radio World (see full details below in the next article).

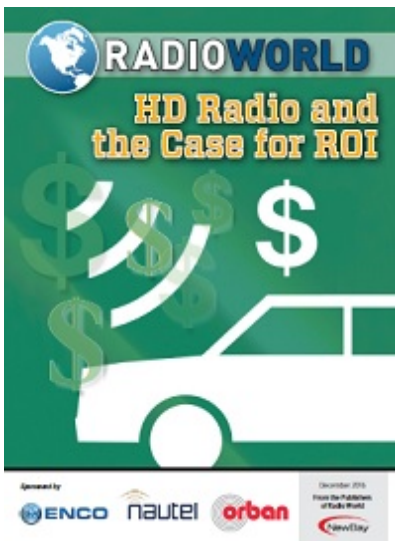

This year's NAB highlights include:

- GV Series with live demo of Nautel's newest HD Radio components
- Leading-edge HD Radio innovations including live demos of HD Radio SFN and HD Multiplex
- Latest developments in our award-winning Advanced User Interface (AUI)
- VS Series with live demo including AUI and Urban Inside
- 1 kW J1000; the ideal mobile back-up transmitter
- Designated technical support area with customer service reps on hand to answer your questions.

Tips 'n Tricks by Jeff Welton

In this issue Jeff revisits his favorite topic of "safety" with a review of the FLIR ONE thermal imaging camera attachment for Android or iOS smartphones, and a reminder to double check a few things on all your IP accessible equipment.

Submissions for this Tips 'n Tricks column are encouraged and if published you'll receive a Nautel T-shirt. Submissions should be typed and emailed, with high resolution photos, to info@nautel.com using the subject line Tips 'n Tricks.

Digital Radio Showcase by Gary Liebisch

We welcome Gary Liebisch, Eastern U.S. Regional Sales Manager, as a regular contributor to this column.

In this issue, Gary discusses how fast digital radio penetration is increasing as well as the "FM turnoff" that is occurring in Norway in favor of newer DAB technology.
