

Hello

In this issue: new greener chromium-free coating process; NAB Engineering Handbooks contest; NUG@NAB Event registration; Customer Support news; AM translator considerations; HD SFNs story; Tips 'n Tricks; Digital Radio Showcase.

New Chromium-Free Coating Process

Starting January, 2018 all unpainted aluminum transmitter parts are going to look different. Due to a safer and more environmentally-friendly chromium-free coating process, parts will look silver instead of gold. The result is the same corrosion resistance you've come to expect but minimized environmental impact.

NAB Engineering Handbooks Contest

Jeff Welton is offering a random draw of three NAB Engineering Handbooks (11th edition) in exchange for your best radio broadcast engineering ideas for his Tips 'n Tricks column.

So, think of something you or a mentor did to make life easier (does NOT need to feature Nautel equipment) and submit it using this [Form \(Contest now CLOSED\)](#)
