

Hello

In this issue: everything you need to know about Nautel@NAB.

Booth N5924 Sneak Peek

At this year's NAB we will highlight:

- AM Radio innovation featuring a live demo of All-Digital AM transmission.
- AM Power Savings demo featuring MDCL algorithms and Orban MDCL-optimized audio processing.
- Live demo of HD Radio MP11 mode on a GV Series for broadcasters wanting more data capacity.
- How HD PowerBoost gives a power and efficiency advantage over transmitters using PAR2.
- HD MultiCast+ combined Importer/Exporter with expanded functionality for AM and FM.
- Comprehensive transmitter control via our award-winning Advanced User Interface (AUI).
- Nautel's AUI Companion and HTML roadmap.
- VS Series low power FM live demo featuring AUI, AUI Companion and Orban Inside.
- Designated technical support area with customer service reps on hand to answer your questions.
- New Nautel sales team members Ted Nahil and Jeff Wilson.
- 50 years of transmitter innovation - thank you!

Plus speak with our sales team who will be glad to answer transmission related questions, help with translators and provide information on USA financing options.

EXTRA 50 Months of Warranty!

In celebration of Nautel's 50th anniversary, any order placed for GV Series transmitters by end of NAB2019 will receive an extra 50 months of warranty*. That adds up to over 8 years of transmission peace of mind.

It's our way of thanking you for the confidence you have placed in Nautel transmitters and support for 50 years.
