March 23 TTT [Single Frequency Networks \(analog/digital\)](#)

NAUTEL ACQUIRES DIGIDIA

Adds DAB+, DRM, and Synchronous FM products and technology

Nautel has acquired ownership of France-based technology company Digidia, expanding Nautel's existing Digital Radio offerings.

With the addition of Digidia's design capabilities, DAB+ and DRM solutions, Nautel is underlining its commitment to all major digital radio transmission standards.

NEW EBOOK

AM ALL-DIGITAL: READY TO GO

KTIS's GV30 purchase fulfilled their need for a single-box solution that would do FM and HD using the low-level combining method.

Brian Gullikson says an added bonus was the increased coverage area, likely a result of increasing from -20dBc IBOC Injection to -14dBc.
