TRANSMISSION TALK TUESDAY

Episode #44

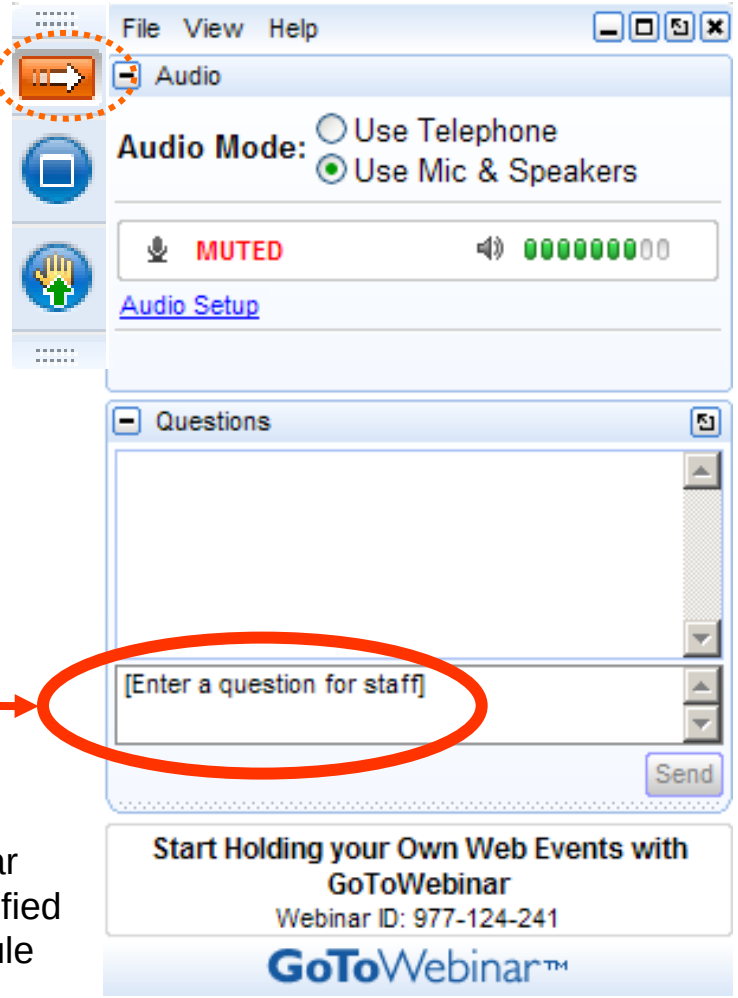
Building with Raspberry Pi

nautel
AM/FM Radio Transmitters

Your questions please?

(if you don't see the control panel, click on the orange arrow icon to expand it)

Please enter your questions in the text box of the webinar control panel (remember to press send)



Remember: The completion of a Nautel webinar qualifies for ½ SBE re-certification credit, identified under Category I of the Re-certification Schedule for SBE Certifications.

Ideas for things to discuss

- **What exactly are we talking about?**
  - Various PI devices, mini and microcomputers, etc. – what are they and how are they useful?
- **Benefits**
  - Why is a tiny little “sorta computer” better than a full fledged big machine?
- **Learning the things**
  - How much coding can one person learn, or teaching old dogs new tricks.
- **Other thoughts**
  - What are the things you, the audience, have done with these devices?
  - Thoughts for future applications?
