Keep It Cool

- Air Conditioners come in many shapes and sizes (and costs)

- Consider redundancy

    - Size air conditioners at just under the full building heat load and install two, in a main/alternate configuration

- Always take building and environmental heat load into effect. The transmitter, while the primary source of heat, will not be the ONLY source.

- Depending on location, security to protect outside units from copper thieves may be required.

Welcome to Radiolists.net !

This server was set up to host professional mailing lists to serve those in the BROADCAST industry.

From this page you can easily subscribe to one or more lists, or go directly to the archives for a list to read posts.

(For those of you wanting control of your inboxes, the list abbreviations (like [BC], for example) are added so you can easily set your filters to put them in separate mailboxes.)
