# VX Series

## 150 W – 6 kW FM Analog Transmitters

Nautel has a heritage of bringing big transmitter capabilities to compact low power transmitters. The VX series continues that legacy delivering even better power density, reliability, usability, and affordability.

### Compact, Efficient, Affordable

- More power choices to fit your needs
- AU1: Secure, HTML5 transmitter control
- Instrumentation, RDS, SNMP, Presets
- PhoneHome for enhanced support
- Modular 3–6 kW for easy service & low weight
- 100% North American design, build, #1 support
- Rigorous testing and quality assurance
- Long service-life design
- LPFM certified models
- 4-year warranty

#### Characteristics

- Rack-mount
- High efficiency
- Compact
- Simple maintenance
- Affordable
- World-wide support
- **Roles:** Main, backup, main/standby, N+1, LPFM, translator, & exciter

## Type-Certified VX150 and VX300 for Low Power FM (LPFM)

VX LPFM transmitters are the most advanced type-certified Low Power FM transmitter available, and are ideal for use by community, religious, educational, and other non-profit radio groups.

## VX as an Exciter

Breathe new life into your tube transmitter with the latest technology and reliability provided by the VX transmitter as an exciter. Instantly gain the entire feature set of the VX Series.

New features, superior audio performance, improved reliability, and a host of audio input and audio back-up sources make the upgrade to a VX Series exciter one of the most cost-effective, feature-rich improvements you can make to your existing transmitter.

## VX for Translators and SFN

VX transmitters are ideal for implementation as AM and FM translators, and as part of single frequency networks (SFN).

## Availability

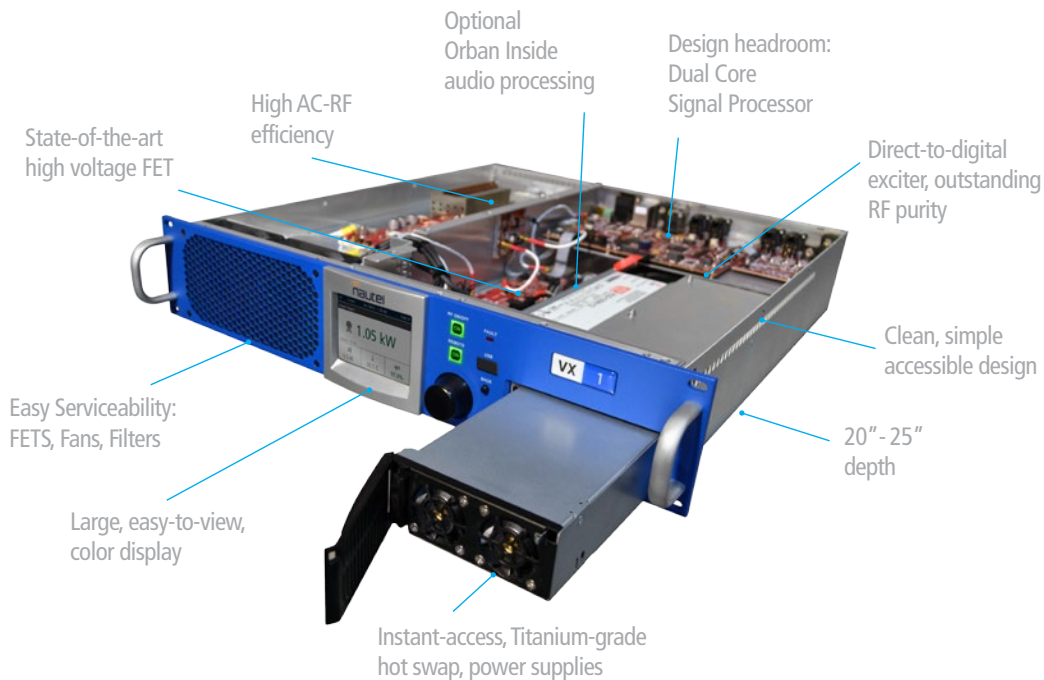

- VX150 – VX2: Accepting orders now for expected delivery Q4 2022
- VX3 – VX6: Expected delivery Q1 2023

## Features

- 11 models from 150 W to 6 kW
- LPFM for VX150 and VX300
- Full color display
- Front panel hot-swappable power supply
- Award-winning remote control and instrumentation (AUI)
- Orban Inside™ audio processing option
