

Quality Assurance Inspector, Bangor, Maine

Nautel is a global leader in the design, manufacture, sales and support of high power Radio Frequency (“RF”) products for AM and FM broadcast, navigation and industrial applications. With a long history of creating highly innovative products, Nautel continues to lead the way in providing valuable new solutions for the digital radio broadcast revolution. Thousands of customers in more than 170 countries have discovered that Nautel delivers world class RF solutions - systems that meet stringent quality standards at its ISO-registered manufacturing facilities.

The Production team at Nautel is responsible for producing high quality fabricated materials and assembling these and electronic components to build our products. We are currently seeking a Quality Assurance Inspector who will learn about our products, be involved in continuous improvement, learn and follow ISO processes.

The responsibilities of the role include:

- Electrical, Mechanical, and Visual Inspection of items used and manufactured at Nautel;
- Inputs data of inspection results into a database, as well as generating reports;
- Work with other departments to improve products purchased by and/or produced at Nautel through resolution of process or identification of documentation issues;
- Auditing of work in progress by checking conformance to documentation;
- Monitor the status and calibration of tools and/or equipment;
- Responsible for recognizing potential problems and escalating these.

Candidates for the above role should:

- Be able to troubleshoot and provide solutions to problems;
- Have the ability to read and understand blueprints, ECR's, Standard Operating Procedures, Workmanship Standards, parts lists, drawings and DWA's;
- Have attention to detail and the ability to work well within a team.
- Ideally have previous experience within a similar role;
- Be able to work overtime on an as needed basis;
- Have the ability to follow work processes;
- Have a continuous improvement mindset.
- ISO Internal auditor training a plus.

Functional Tasks will include:

Some heavy lifting; Regular carrying and lifting of goods up to 30lb; Pushing/Pulling requirements; movement of material; bending; sitting; standing; reaching.

Interested applicants should submit their cover letter and resume to hernautel@nautel.com
